Disabled Veteran Motor Vehicle Tax Exemption:

Approval of an application for a Disabled American Veterans License Plate is not related to the disabled veteran motor vehicle tax exemption. This exemption is available for one motor vehicle owned and used for his or her personal transportation by a disabled or blind veteran of the United States Armed Forces.

For purposes of the motor vehicle tax exemption, disabled is defined as a veteran who has lost the use of or has undergone amputation of two or more extremities or has undergone amputation of one or more extremities and has lost the use of one or more extremities; and blind is defined as a veteran whose sight is so impaired as to seriously limit his ability to engage in the ordinary vocations and activities of life.

The U.S. Department of Veterans Affairs must recognize the veteran's disability or blindness and the veteran must have been discharged or otherwise separated with a characterization of honorable or general (under honorable conditions).

Veterans who qualify must apply for the motor vehicle tax exemption to the County Treasurer in their county of residence. Those who qualify are encouraged to contact their County Treasurer for more detailed information about the application process.
